Diane,
Sounds good, I'll ask CDM to have both of them join.

The 16th will be fine for me, if you do Noon or later on the 16th I can catch an early morning flight. I can fly in on Monday afternoon though if that works better.

Grace and Thomas were planning on being the only ones from CDM, they are both local to Edison.

Thank you,

Justin Shoemaker

Hi Justin

That sounds good, Kristin and the rail designer (Dave perhaps?) should be there.

My thought is for Nov 16th but I have not set anything up yet. Does that date work for you? I want to keep the personnel to a minimum from CDM, locals only.

Thanks
Diane

Diane,
CDM reached out and plans to cover the following on Thursday's call:

- EPA Review of HHRA memo
- Rail vs Truck cost evaluation
- Compliance averaging update
- Project schedule

Do you want Kristen on the call to answer any HHRA questions? They can also have the railroad designer on to discuss that if you have any questions pertaining to the railroad cost review.

Let me know if you want them to have either of those personnel on the call.

Also do you have a date planned for the site visit? I was going to try to coordinate this trip with another site visit in upstate NY.

Thank you,

Justin Shoemaker

Thanks.

I am planning a site visit for the week of November 15th. I received a call today from Edison Wetlands Association's Bob S. who noted that there have been a number of trespassers on the site lately, in particular people collected the glass bottles, which is a big problem. I would like someone from CDM who is relatively local to accompany me, and if anyone else wants to see the site they are welcome to join us.

Thanks
Diane

Justin

Attached is the draft HHRA memo for USACE review. If you are OK with it, please forward to EPA.

Thanks.
